This experience has taught me the value of teamwork, resilience and the ability to adapt in challenging environments. Thanks to an Erasmus+ scholarship, I had an amazing experience in France, which broadened my professional vision and strengthened my ability to adapt to new environments and cultures. Currently, I am exploring a new path in the technological world. I'm finishing my Microcomputer Systems and Networking degree, and I'm training in manual QA and DevOps. I am also passionate about the potential of artificial intelligence and automation processes, two key areas that are transforming the future of technology. In my recent career at Experis Spain, my focus is on resolving hardware failures at Caixabank, ensuring an efficient and secure IT infrastructure. My experience has allowed me to hone my skills in Microsoft 365 and technical support, applying effective solutions to optimise the IT environment. Open to new opportunities and connections in IT, I will love to connect, share knowledge and continue to grow with industry professionals! <a href="#">#TechnicalSupport</a> <a href="#">#Technology</a> <a href="#">#ProfessionalGrowth</a> <a href="#">#IT</a> <a href="#">#Erasmus</a> <a href="#">#QA</a> <a href="#">#DevOps</a> <a href="#">#ArtificialIntelligence</a> <a href="#">#Automation</a> <a href="#">#Microsoft365</a> <a href="#">#NewChallenges</a>.</div></div> |
